

CLOVER®

CLOVER Battery CB4830

Advantages

- ✓ Solid RVS housing with coating
- ✓ QuickChange Clover Battery
- ✓ Battery charge <1hour
- ✓ Quick start/stop
- ✓ High quality long life battery
- ✓ New generation Lithium LiFePO4 battery
- ✓ Firesafe chemical structure
- ✓ State of charge (SOC) indicator in each battery
- ✓ Real life SOC
- ✓ 2 handles for easy moving en positioning
- ✓ High energy density battery
- ✓ High efficiency
- ✓ Large permissible temperature range
- ✓ Fast Charging with 30A

Technical Specs

Type	CB4830 LiFePO4 (Lithium)
Capacity	48 VDC / 30 Ah
Mounting principle	Quick connect
Battery Type	LiFePO4
Battery capacity	1536Wh
Battery Charge time	55min. (with 30A charger)
Battery Change time	3 sec.
Battery runtime	50-120 min.*
Battery weight	15,8 kg
Standard charger	5 A

* Runtime subject to change depending on circumstances and machine.
